

HOW TO PLAY

Mississippi Stud™ is a five-card poker game that lets players bet up to 10 units on a single hand. In Mississippi Stud, players compete against a payable, not against the dealer, and you win if their hand is a pair of Jacks or better (pairs of 6s-10s push). The top payout is 500 to 1 for a Royal Flush-and it pays on all bets!

GETTING STARTED - Players make an Ante bet to receive their first two cards. The dealer will place three community cards face down in the middle of the layout.

PLAY OR FOLD? Once the players receive their first two cards, they may either fold or make the 3rd Street bet of 1x to 3x their Ante. The dealer then reveals the first community card. Once this card is revealed, players have a choice: fold or make the 4th Street bet of 1x to 3x their Ante. The dealer then reveals the second community card. Once again, players can fold or stay in the game by making the 5th Street bet from 1x to 3x their Ante. Note: When a player folds he forfeits all bets left in action.

WINNING AND LOSING - After the dealer turns over the final community card, he resolves all wagers left in action. Players win if their five-card hand is a pair of Jacks or better (pairs of 6s-10s push). See payable for odds.
