2. Players start with 8000 in tournament chips.
3. Each player will receive a bounty chip at the start of the tournament.
4. Signups start at the conclusion of the 2:00pm tournament. Players seated in live games have first priority. Players must pay at time of signup. No phone reservations accepted.
5. Blinds start at 25-50 and go up every twenty minutes. Fifteen minutes after break.
6. Each time a player is eliminated from the tournament, the player that eliminated them will receive that player's bounty chip and only that player's chip.
7. Once a player is "all in," their bounty chip is automatically put into the pot.
8. A player can win multiple bounties and must be paid by the Poker Cashier as soon as they are eliminated from the tournament or, if they are the winner, at the end of the tournament. The winner (or winners should the players decide on chopping) will keep their own bounty. (Bounty chips will be redeemed at \$10 per chip)
9. Bounties are never split. If two or more players who split the pot eliminate a bounty player, the bounty is awarded to the player with the largest stack. If the stacks are equal, the winning player is the player who is sitting closest to the button.
