## FORTUNE PAI GOW POKER

### A FUN, FAST-PACED VARIATION *of* TRADITIONAL POKER

Pai Gow is played with seven cards that make the best two poker hands possible. The highest hand has five cards and the second highest hand has two cards. To win you must beat both of the dealer's hands. Your bet loses if both the dealer's hands rank higher than your own, and your bet will tie "push" if you win one hand and the dealer wins the other. A commission of 5% is paid on all winning hands.

### BONUS WAGER

A bonus wager may be made at the same time a bet is wagered. A bonus wager of \$5 or more qualifies for the envy bonus, which entitles the guest to win on other guests' hands. An envy button will be placed next to the wager. An envy bonus won due to another player's hand is paid accordingly to the envy bonus pay scale:
