## GAMING ACTIVITY REQUEST FORM

*Win/loss information has been gathered to assist Sam's Town Shreveport Casino management. It is strictly an observed estimate of win/loss that has been gathered for internal management purposes.*

*The information is (I) is based on player-tracking information which includes only win/loss from play when a player's club card is inserted in a slot machine or when the player is engaging in rated play at a table game, and (II) may not accurately reflect the amount of a player's win/loss since the player can play when the club card is not inserted in a slot machine or the player is not being rated at a table game, and (III) is derived from a system that does not verify the identity of the person using a player's club card, and (IV) may include estimated amounts of win/loss to correct human error in inputting information.*

*Therefore, although this information can be considered a reliable estimate of the win/loss from rated play on table games and slot machine play with a player's club card, Sam's Town Shreveport Casino does not warrant that the win/loss reported is exactly equal to a player's actual win/loss for the year.*

*Please print legibly and complete ALL blanks. **Incomplete requests will not be processed.***
