

Aliante Blackout Progressive

1. The Aliante Blackout Progressive (ABP) will be the first (1st) bingo game of each session, on or about 10am, 12pm, 2pm, 4pm, 6pm, 8pm, and 10pm.
2. The ABP will be run every session as an odd ball coverall, which means that the even numbers are wild and will be lit up prior to the bingo game starting.
3. Once the bingo game starts, the only numbers called will be the odd numbers.
4. The ball on camera is not official until it is called. Once the agent starts calling a letter/number, the caller must finish the letter/number.
5. Any cards that are torn or mutilated in any way will not qualify as a valid card and will not be paid as a winner.
6. The ABP will be posted in the room, both the number that it has to be caught in and the amount. It will be updated daily.
7. The winner will be paid on the balls drawn only, not by the numbers on the display boards. The display boards are for the convenience of the players and are not the official game results.
8. Only tickets sold at the current session are eligible. Tickets sold at previous sessions will be declared void and will not be considered a winning card.
9. In the event that there is not a winner in the designated amount of numbers, additional numbers will be drawn for the consolation prize.
10. ABP cards will sell for one dollar (\$1) and the consolation will be one hundred dollars (\$100). If the ABP Jackpot is won, players cannot collect the consolation prize for that session.
11. The jackpot progressive prize is aggregate and in the event of multiple winners, the jackpot will be split evenly between all winners. The consolation prize is aggregate and in the event of multiple winners, the consolation prize will be split evenly among the winners.
12. After the verification of a winner on the Blackout, the scheduled session will begin.

13. Management will determine the Jackpots initial and subsequent base amounts. The ABP will have a minimum progression of one hundred dollars (\$100) per day with no limit. The progressive amount will be posted in the bingo room at the beginning of each day. Management may change the rate of progression at its discretion; however, the rate will never be below .4 of one percent of the total amounts wagered on the ABP. The ABP's posted progressive amount will not be reduced unless it is won by a player or to correct a malfunction.
14. The ABP coverall will start at fifty-two (52) numbers and be increased by one (1) number every ten (10) days until it reaches fifty-six (56) numbers where it will stay until hit. When the progressive amount is hit, the cycle starts over at fifty-two (52).
15. In order to win the ABP Jackpot amount, you must declare your win within the required posted jackpot number or less. NO late winners will be honored.
16. All cards must be marked with a dauber.
17. All sales must be final for the ABP game once the game has started.
18. Players must be twenty-one (21) years of age or older. To be eligible to participate in the bingo game, a player must purchase the minimum buy-in for that session.
19. Any and all applicable taxes required are the sole responsibility of the player.
20. These rules or this bingo game may be modified or cancelled by Management at any time at its sole discretion. House bingo rules will apply except where noted herein.
