

**WESTERN
NEVADA
COLLEGE**

Manufacturing Technician (MT1) Express Online Certification Prep

Start interviewing with manufacturing companies throughout Nevada with immediate job openings in the second part of your training!

Retrain for a high-demand position with manufacturing companies throughout Nevada as you gain foundational knowledge of the skills needed in advanced manufacturing, including math and measurement, quality and Lean concepts, and an introduction to manufacturing processes. Problem solving strategies are developed while learning about simple machines and industrial systems through practice with computer and web-based tools.

This certification preparation includes two self-paced, online college courses:

- **AIT 101: Fundamentals of Applied Industrial Technology**
Oct. 12-Dec. 18, 2020
- **AIT-200: Applied Industrial Technology Projects**
Oct. 26-Dec. 18, 2020

Students successfully completing the coursework will have the opportunity to earn their nationally recognized Manufacturing Technician Level 1 (MT1) certification through three industry certification exams.

Endorsed by the National
Association of Manufacturers

Qualify for free training!

Have you recently lost your job? You might qualify for free retraining to become a certified Manufacturing Technician!

In northern Nevada, learn if you qualify for the retraining grant by contacting Aubrey Nelson of Community Services Agency, (775) 786-6023, ext. 1021 or anelson@csareno.org.

In southern Nevada, learn if you qualify for the retraining grant by contacting Nevada Career Center.
