

Progressive Pai Gow Poker adds a twist to Pai Gow Poker by giving you an opportunity to win all—or part—of a large, incrementing jackpot.

GETTING STARTED

Purchase credits from the Dealer (\$1 per credit). The Dealer will enter the amount into your credit bank. Using the two betting buttons (Player and Dealer), place any side bet on the Player's (you) and/or the Dealer's hand. You may wager from 1 credit up to 5 credits on each.

WHAT CAN I WIN?

PROGRESSIVE PRIZES: If you have a 7 Card Straight Flush or 5 Aces — you win all or part of the progressive meter! See **BONUS PAYOUT SCHEDULE** below. If the Dealer has a 7 Card Straight Flush or 5 Aces and you have side bet 1 to 5 credits on the Dealer's hand, you win your portion of the payout!

FIXED PAYOUTS: If you have a Fixed Payout winning hand, the prize is multiplied by the number of credits you have side bet on the Player's hand. If you have side bet on the Dealer's hand and Dealer has a Fixed Payout winning hand, you will win the prize multiplied by the number of credits you wagered. See **BONUS PAYOUT SCHEDULE** below. Your winnings will be automatically added to your credit bank.

BONUS PAYOUT SCHEDULE
