There will be a \$10 Dealer appreciation option for \$5,000 more tournament chips (this will go directly to the dealer gratuities pool). Players will earn an invitation to this tournament by participating in a "Tournament Leader Board" related to weekly tournaments conducted at various times throughout the year. Each weekly tournament entry will entitle the player to receive an allotted number of points based on buy in (see "Tournament points," below). Also, players will receive additional points for placing 1st through 10th in the weekly tournaments (see "Additional points," below). The accumulation of point earnings will stop and each player's points will be totaled March 31, 2018. The top 40 players with the most points will be invited to the Tournament of Champions on April 7, 2018. In the event that 40th place is tied, all players tied for 40th place will be invited.

On April 1, 2018 all players' points will reset to zero and they may begin to accrue points for the new quarter's Tournament of Champions to be held on July 7, 2018. Entries into the July 7, 2018 Tournament of Champions will be determined in the same manner as the April 7, 2018 Tournament of Champions except that the accumulation of point earnings will stop and each player's points will be totaled on June 30, 2018.

Each Tournament of Champions will be a no-limit poker tournament, meaning any player can bet all of their chips at any time.

Levels will be 20 minutes in length with a 10 minute break after each hour and twenty minutes of play. Tournament will conclude when one player has acquired all the tournament chips in play. A Poker Supervisor or higher ranking casino official will then pay the player prize pool in casino value chips at the final table. Payouts will be determined by the attached spreadsheet. Payouts will not differ from the payout sheet, meaning "chopping, bubble insurance" will not be allowed.

Invited players may enter the tournament until the first break.

Except as otherwise stated herein all Kansas Star Casino "Texas Hold'em Poker" rules of play will apply. The Kansas Star Poker Room adheres to all Poker Tournament Directors Association tournament rules, a copy of which may be obtained at the poker podium.

Per TDA Guidelines, when 2 or more players are eliminated in the same hand, placing will be awarded based on the chip counts at the start of the hand. The player with more chips at the start of the hand places higher than the player that started the hand with less chips. In the event that two or more players start the hand with the same amount of chips and are eliminated, those players will be considered tied and will split the placing money at the place where they are tied.

Tournament Details: There will be no buy in for the tournaments. The tournaments will each have a guaranteed \$10,000 prize pool. A Card Room Cashier or Card Room Supervisor or higher ranking casino official will use the Bravo Tournament Watch system to fill out the Tournament Entry Forms. Each player will then be assigned a seat at random. All tournament prize money will be paid out of the "Tournament of Champions Prize Pool" mentioned in the weekly tournament rules. Once the winners are decided the Poker Supervisor or higher ranking casino official will fill out a tournament Distribution Form, have each winner sign it and pay each winner in value chips. Surveillance will be called to observe the entire process. The dealers' gratuities (\$10 option from each player) will be totaled, and divided among the tournament dealers based on the number of tables they actually dealt at during the tournament. The dealers will sign a dealer's gratuity form to confirm the number of tables they dealt at and confirm their share of the gratuities. There will be no casino rake for this tournament. At the end of the gaming day the Tournament Distribution Form will be sent to Accounting.
