**PROMOTION NAME:** \$5,000 Memorial Day Second Chance Cash Giveaway

**PROMOTION DATES:** May 28, 2018

**PROMOTION TIMES:** Apx. 9:00pm, following the Memorial Day Poker Tournament

**PROMOTION RULES:** This promotion will be available for any player who has registered for the Annual Memorial Day Poker Tournament and has been eliminated. Upon being eliminated from the tournament, the player will be given a drawing ticket. That player must fill out and drop the ticket in a barrel. The barrel will be located within the Kansas Star Casino Poker Room.

The drawings will be held directly following the Tournament, approximately 9:00pm. Only the Tournament winner is ineligible, all other players may participate based on being eliminated. In the event that multiple players chop (divide up) the prize money they would also be ineligible.

A player may receive one entry ticket to the second chance drawing for each registration. (A Player re-registering is treated as a new player and therefore is eligible to receive one ticket per registration fee paid).

**PROMOTION DETAILS:** The Poker Supervisor or Poker Manager, shall announce that the barrel is closed and will announce the chosen winners. Each Player must be present to win the cash prize. Once the names are written and manually placed on the Bravo Boards that player has 3 minutes to make it known to a Poker Supervisor or Manager that they are present.

After 3 minutes if any of the chosen players are not present there will be a onetime re-draw. In the event that no player wins one or more of the cash prizes those cash prizes will be eliminated.

The Poker Supervisor or Poker Manager will fill out a prize certificate form. The winner of the cash will sign it. The prize certificate will be placed in the poker cash drawer to account for the second chance payouts. At the end of the shift the poker bank will reconcile with the main cage.

At the end of the gaming day the certificate will be sent to audit to reconcile with the poker promotional fund. The Second Chance prizes are as follows:
