Jack & Jill POKER Tournament

Tournament Name: Jack and Jill Tournament

Tournament Dates: Saturday, February 13, 2016

Tournament Times: Registration starts at Feb 1, 2016 10:00am. Tournament starts February 13, 2016 at 2:00pm.

Tournament Rules: This tournament will be a "partner tournament" In partner tournaments, 2 people are registered for the same entry fee. The partners take turns playing 30 minutes at a time. For Example Jack and Jill pay \$125 to enter the tournament, Jack sits down at the start of the tournament and plays for 30 minutes. After 30 minutes of play it is Jill's turn to play in the same seat with the remaining chips Jack has. Every 30 minutes the person playing will change, however the chip stack stays in the seat. This tournament will require a female entrant and a male entrant. Both Jack and Jill split the prize money.

Tournament buy-in is \$125 total, which will be divided as follows: \$20 rake to the casino, \$5 dealer gratuity, and \$100 to player prize pool. All players will receive \$10,000 in tournament chips at the table. In addition, each team is given an option to purchase an extra \$2,000 in tournament chips for \$10, all of this money shall go directly to the dealer's gratuity pool for the tournament. Players must decide to make this one time purchase, before their play begins.

This will be a no-limit poker tournament, meaning any player can bet all of their chips at any time. Tournament capacity at the start of the tournament will not exceed 80; however there will be no maximum number of entrants. All tournament play will be held within the poker room.

Registration will continue until the first break, based on availability. For the first hour any player being knocked out of the tournament may reenter by paying full registration fees and will be treated the same as any new player entering the tournament for the first time. Players may only reenter once inside of the first hour, and no one will be permitted to register after the first break.

Each round will be 30 minutes in length with a 10 minute break after 4 levels of play. Tournament will conclude when one player has acquired all the tournament chips in play, or if players agree on a distribution of the prize pool. A Poker Supervisor or higher ranking casino official will then pay the player prize pool in casino value chips at the final table. Payouts will be determined by the attached spreadsheet, (unless the players agree upon a different distribution of the player prize pool).

Except as otherwise stated herein all Kansas Star Casino "Texas Hold'em Poker" rules of play will apply. The Kansas Star Poker Room adheres to all Poker Tournament Directors Association tournament rules, a copy of which may be obtained at the poker podium.

A Poker Cashier or Poker Supervisor or higher ranking casino official will collect the buy-in and use Bravo Tournament Watch system to fill out the Tournament Entry Form. Each player will then be assigned a seat at random. All tournament prize money will be paid out of the poker tournament player prize pool (the \$125 collected from each player).

Once the winners are decided the Poker Supervisor or higher ranking casino official will fill out a tournament Distribution Form, have the guest sign it and pay the guest in value chips. Surveillance will be called to observe the entire process. The dealers' gratuities (\$5 per player plus \$10 for each optional purchase of tournament chips) will be totaled, and divided among the tournament dealers based on the number of tables they actually dealt at during the tournament.
