

Sam's Town Poker Room Thursday Night Football Cash Squares Promotion

1. The Thursday Night Football promotion will take place on September 7, 14, 21, 28; October 5, 12, 19, 26; November 2, 9, 16, 23, 30; December 7, 14, 21, and 28, 2017.
2. Beginning Friday, September 1, 2017 at 9:00 am, and every Friday morning through December 22, 2017 a new drawing board will be posted in the Poker Room. This drawing board will consist of 100 Squares in a 10X10 grid, labeled with the two teams playing (HOME team on the top row, AWAY team on the side) and will be dated for the following Thursday.
3. There will only be one board for the Thursday night in play each week. Once the board is full, no more entries may be earned for the current week.
4. To earn a square, players must have a qualifying hand for that day in live action Hold 'Em play only. Players must be logged in with their B Connected card at time of qualifying hand.
5. The qualifying hand will a full house or better.
6. In order to be a qualifying hand, there must be a minimum of ten (10) dollars in the pot. In the event the community cards display a qualifying hand, all eligible players still in the hand will receive a square. The player may then select a square from either the Thursday night or Sunday night board.
7. It is the player's responsibility to notify the dealer at the conclusion of the hand that they are holding a qualifying hand.
8. Once the poker room supervisor has verified the qualifying hand and logged it with the appropriate paperwork, the player will select any open square on the board. The poker room supervisor will legibly print the player's name and both the player and supervisor will initial in the square.
9. At 4:30 pm on Thursday, if the board is not full, all remaining open squares will have a large "X" drawn in them. Once all squares are occupied, the numbers will be drawn in the following manner:
 - A. Ten (10) cards, ace through ten, will be taken from a poker deck. Ace will have a value of one (1) and ten will have a value of zero (0). All other cards will be face value.
 - B. The cards will be mixed up face down, and turned over one at a time, filling in their corresponding value on the HOME row (top) from left to right until all the columns are labeled.
 - C. The cards will again be placed face down, mixed up and turned over one at a time, this time filling in their corresponding value on the AWAY column (side) from top to bottom until all the rows are labeled.
10. Each quarter will be worth one hundred (100) dollars. At the end of each quarter, the single digit (or the second digit of a double-digit score) will be identified for each team.

The square where those two numbers intersect will be the winning square. In the event of an overtime game, the final score will be used, not the score at the end of regulation.

11. Winners will have one (1) minute after the winner has been announced to claim their winnings. Winners must present valid photo ID and B Connected card.
12. No inquiries regarding squares or winners will be given over the phone. You must visit the poker room for information.
13. In the event the winner is not present within one (1) minute, or the winning square is empty, the prize money for that square will be carried over and added to the prize money for that quarter for the following week. For the final game of this promotion on December 28, 2017 any unclaimed prize money will not be awarded.
14. Participants must be at least 21 years old and a valid B Connected card member. Play without a B Connected card does not qualify. B Connected membership is free and available at the B Connected club.
15. Winners are responsible for any and all applicable taxes.
